

We have now become the leading economic power in the world and have developed the Panama Canal and a navy and merchant marine which make these islands more than ever important to us.

"It is not possible to work out a plan by which England's debt to us could be reduced by the transfer to us of certain British possessions in the Western Hemisphere to the extent of their value?"

**WOULD BE WILLING TO SELL.**  
The British Empire at this moment comprises one-sixth of the land area of the whole world, and, according to the economic experts, the surplus capital of the mother country will for many years to come be expended in the development of the agricultural and industrial resources of the great self-governing dominions and of India.

"I imagine that Great Britain would not object to such a disposition of these islands, especially as they would be a friendly power. I see nothing in such a proposal to offend the just pride of a great people, whereas such a liquidation of a portion of the British debt might be a happy solution of a part of Great Britain's immediate financial problem."

Enquiry among British correspondents in the national capital leads to the conclusion that the matter would not be unfavorably received in Great Britain were it not for the fact that British policy is for the present indisputably interwoven with what happens to the League of Nations and proposals for naval disarmament.

If the League is dead and Europe goes back to the old order of things, then the British Government must bear in mind the excellent use which she made of her Atlantic possessions as a rendezvous for the British Navy during the last war.

Some valuable naval bases are scattered in the North and South Atlantic which Great Britain would be loath to give up. Yet if international disarmament is to be put into effect through the League of Nations, Great Britain would have as little use for most of these as she would for more battleships.

And the tendency of American naval men to be reflected in the state made just made by Rear Admiral Hughes and concurred in by other members of the General Naval Board to the effect that the United States should have "The largest navy in the world."

It is hard to say whether this is a direct consequence of the discouraging fate of the latest efforts at international co-operation or the usual rivalry which naval men feel about other navies.

Anyway, so long as naval expansion continues on both sides of the Atlantic, Mr. MacAdoo's suggestion depends for its acceptance by the British on elimination of valuable naval bases, not to mention the opportunity that must be given the residents of the British colonies to say how they feel about keeping their islands entirely surrounded by waters or annexed to Dry Land.

#### SWANN AT FRITZ TRIAL

His Confidence in Dr. Schultz Was Not a Witness for Defense.  
District Attorney Swann, called as a witness this morning in the trial in the Bronx Supreme Court, of Ernest Fritz, accused of the murder of Mrs. Florence Coyne, denied he had said District Attorney Martin "was ridiculous" for preferring charges against Dr. Otto Schultz. On cross examination, Mr. Swann said that his confidence in Dr. Schultz was unshaken, but that he would investigate whether to prefer charges against the medical examiner, who, after being engaged by District Attorney Martin, became an expert witness for Fritz.

It is expected the taking of testimony in the trial will be ended to-morrow.

#### VICAR DIDN'T SLIGHT FLAG.

Dr. Gates Exonerated, Tells of Frequent Annoyances From Pro-Germans.  
After a visit of the Rev. Dr. Milo S. Gates, Vicar of the Chapel of the Intercession at 155th Street and Broadway, the clergyman was exonerated by the District Attorney of charges brought by agents of the Evening Journal, to the effect that disrespect was shown to the flag of the United States at a Scotch service last Sunday—the disrespect consisting of a display of the British flag without an accompanying display of the Stars and Stripes.

The Rev. Dr. Gates declared that the American flag was displayed on the altar conspicuously throughout the service, and that the Scotch flag carried behind a Highland pipe in the procession was merely a symbol of the nature of the service of Scotch descent.

Dr. Gates, who has been subject to frequent criticisms and annoyances by pro-Germans who disliked his Scotch birth and his admiration for Great Britain, was proved by the fact that he was Chaplain of the 25th New York Engineers, the D. A. C. and was a Mayflower descendant.

**TOO BUSY TO GO TO COURT.**

No Magistrate Orders Arrest of Speeder Who Is Fined \$75.  
Edward A. Gaffney of No. 783 Eleventh Avenue, a chauffeur in the employ of Leonard Spencer, a manufacturer, of 364 West 23d Street, pleaded guilty to-day before Magistrate Frederick H. Moore, in Traffic Court, to speeding as a second offender and was fined \$75.

Gaffney was served with summons on Feb. 25 for speeding on Eighth Avenue, Gaffney did not answer and when one of the court attendants called him up, he said he was too busy. Magistrate Moore then quashed his arrest. He was called out by Mr. Spencer.

## HANDCUFFS TO BE PUT ON ARNSTEIN IF HE IS ARRESTED

Swann, Tired of "Master Mind" Talk, Will Treat Fugitive "Like Any Crook."

### NEW MYSTERY IN CASE.

McGee and Three Detectives Who Went for Missing Man Send No Word.

Jules W. (Nicky) Arnstein, wanted by the police in the plot to steal \$5,000,000 stocks and bonds from the financial district, was still missing this afternoon and Assistant District Attorney Dooling said that nothing had been heard from the detectives who accompanied Eugene F. McGee, one of Arnstein's attorneys, nor from McGee.

Mr. Dooling announced he has received from Washington a copy of the voluntary petition in bankruptcy filed by the brokerage firm of David W. Sullivan and Company, and affidavits filed by Sullivan and his partner, Norman S. Bowles. Sullivan is under indictment in connection with the alleged bond plot.

The petition says that the firm is the owner of \$306,000 worth of stock and bonds, and that its liabilities are less than \$300,000. Dooling called attention to the fact that Oct. 10 last the firm suspended because of inability to meet a demand for \$50,000, and that the first piece of business transacted after it resumed on Oct. 23 was to pledge 100 shares of Worthington Pumping Machinery Company's stock. The stock, it is charged, had been stolen from the firm of E. J. Byrne & Co.

Mr. Swann, who had been summoned to appear as a witness in the murder trial of Ernest Fritz, accused of the killing of Mrs. Florence Coyne, was questioned by reporters regarding the status of the Arnstein case.

He said: "You can say from me that I'm tired of this talk of surrender. I have issued orders to my men to arrest Arnstein and to use handcuffs and the patrol wagon just as we should for any other common crook. Mr. Arnstein won't get any undue consideration from my office."

There is a story that Arnstein's failure to appear yesterday was the result of an attempt to "double cross" him. The agreement made between his lawyers and the authorities here was understood to be that if he surrendered himself to his lawyer and allowed the three detectives to accompany them back, he would be allowed to give himself up in court and be placed in \$100,000 bail.

After his lawyer and the detectives left Friday night to meet him in Cleveland or Toledo, so the unfounded story runs, other detectives who were in those cities in connection with the stolen securities were telegraphed to arrest Arnstein if they could find him before the others arrived. Arnstein is said to have been tipped off and fled in an automobile so even his own lawyer could not find him.

### NEW ARREST MADE IN BOND PLOT CASE

Irving Adler, Said to Be Son of Yiddish Actor-Manager, Accused of Extortion.

Irving Adler, twenty-seven, said to be a son of the Yiddish actor-manager, Jacob Adler, was arrested to-day on an indictment for alleged extortion growing out of the stories said to have been told to Assistant District Attorney Richard E. Murphy and the grand jury by Joseph Gluck, one of the messengers indicted in the \$5,000,000 bond plot case. The arrest took place after Adler's appearance before Judge Crain in the Court of General Sessions on another indictment charging grand larceny. He was out on \$10,000 bail in that case, which has to do with the alleged theft of \$10,000 worth of silk.

Gluck is said to have declared Adler "tipped off" Edward Furey, another prisoner, regarding the theft.

## British Islands U. S. Might Buy As Way of Reducing War Debt

The British possessions in the vicinity of the United States which ex-Secretary of the Treasury MacAdoo suggests this country buy as a part settlement of Great Britain's war debt include the following:

	Area in Square Miles.	Population

(Continued From First Page.)

of this proposed 'investigation' that it is hard to take it seriously. If based on the passage of the resolution it would be palpably illegal. It cannot secure the legal number of votes without the help of the Republican organization of the Assembly, and whatever the wishes of that organization it is hardly conceivable that it would place on record so open an alliance with Tammany on the liquor question as to adopt such a Tammany resolution.

"The Anti-Saloon League has violated no law and I have been ready for legislative investigation for twenty years. If the Assembly wants to waste valuable time and public funds to give us a certificate to that effect we should worry."

"The Republican Party will be in fine shape to appeal to the moral element after the ridiculous collapse of an attempt to discredit the agency of that element and if to square themselves they give the people what I wanted it would be cheap at the price of the petty annoyance incident to an investigation. We leave it to the common sense of the public. Is it likely that we would have dared what we have dared if anybody had anything on us?"

## COURTS WILL TEST NEW RAILWAY LAW

Rate-Making Power of I. C. C. to Be Attacked as Un-constitutional.

WASHINGTON, March 2.—Action is expected to be started soon in the Federal Courts to test the constitutionality of section 6 of the new railroad law which, in effect, empowers the Interstate Commerce Commission to authorize an increase in rates which will insure the carriers a return of 5 1/2 per cent. on the aggregate valuation of their property. Despite the fact that Attorney General Palmer advised President Wilson that section 6 is constitutional, one of the highest judicial authorities here declared to-day that this provision of the bill is clearly unconstitutional. This official also expressed the opinion that the portion of section 6 providing for turning over to the Interstate Commerce Commission 50 per cent. of all net earnings of the railroads over 5 per cent. to constitute a revolving fund, also is unconstitutional, in that it is confiscatory. By whom the action will be started has not yet been disclosed.

## SAYS GERMANS LEAD IN AIR TRANSPORT.

Col. Hensley, Who Flew Over Ocean on R-34, Declares Zeppelins Have Carried 140,000.

Dirigibles are the coming means of transatlantic travel, according to Col. William N. Hensley Jr., who represented the American Air Service on the return voyage of the R-34, which left New York for London July 19, and who returned to-day on the transport Northern Pacific.

Col. Hensley spent some time in Switzerland and Germany this winter. "The Germans are already leading the world in air transport," he said. "They have two new types of Zeppelins running between Berlin and Stockholm and two between Berlin and Switzerland. They have carried 140,000 passengers without a mishap."

"The Northern Pacific brought \$16 passengers, including the families of eighteen officers. She also brought home the bodies of nineteen American soldiers who died in England."

"The Northern Pacific also brought forty-one members of the crew of the ship West Albatross, lost at sea off of Tereshelling Island Feb. 12."

## UNIONS ACCEPT RAIL BILL.

All Talk of a Strike Ended by To-Day's Action.

WASHINGTON, March 2.—Representatives of the railroad unions are understood to have voted to-day to give the new railroad law a trial in bringing about a settlement of their wage demands.

It is understood also that they decided to hold in abeyance plans to test the constitutionality of the law and not to refer the controversy to the union membership for a vote until the law has been given a fair trial.

This means, it is said, that all danger of a general strike at this time has been removed.
